INSTANTANEOUS HOT  
WATER

—  
IDEAL FOR  
SMALL PROPERTIES  
OFFICE KITCHENS AND  
REMOTE CLOAKROOMS

# Aquanova

## Instantaneous multipoint water heater

### Instantaneous multipoint water heater

Simple installation and commissioning. All connections are easily accessible and the appliance features a built-in fly lead.

AquaNova has a 28kW heat output and high flow rate of 11.8 litres per minute.

Continuous gas modulation and electronic temperature sensing gives accurate temperature control.

Simple to service. No diaphragm or water section. This reduces maintenance requirements.

Electronic ignition eliminates the need for a constantly running fan or energy wasteful pilot light.

Ideal for small properties, office kitchens and remote cloakrooms.

SPECIFICATIONS	
Rated output to DHW	28.8 kW
Hot water flow rate (35°C rise)	11.8 litres/min
Standard flue terminal length	830m
Weight (Dry)	20kg
Electrical	230Vac 50Hz
Power consumption	85 W
Minimum cold water inlet pressure	0.15bar
<b>Maximum flue length</b>	
Horizontal (ø100mm)	2.4m
Vertical (ø100mm)	3.6m
Twin (ø80mm)	5m/5m + terminal
<b>Dimensions</b>	
Height (mm)	785
Width (mm)	400
Depth (mm)	245
